Cash Flow, September 2026

Andino Logística S.A. | Document F02 | Date: 2026-10-03

Month summary

The cash balance on 30/09 (30 September) was UYU 38.4 million. Income for the month totaled UYU 80.6 million and outflows UYU 77.3 million, so cash rose by UYU 3.3 million compared with the opening balance.

Item	September 2026
Opening balance	UYU 35.1 million
Income for the month	UYU 80.6 million
Outflows for the month	UYU 77.3 million
Balance on 30 September	UYU 38.4 million

Upcoming due dates

There are supplier payments due for UYU 22 million in the first half of October. With the current balance and the expected collections, cash covers those payments without resorting to financing.

Available financing

The available credit line is UYU 60 million. It was not drawn during September. It is recommended to keep it as a backstop for the peak season and for possible delays in collections from large customers.

Observations

September collections were concentrated in the second half of the month. Finance keeps up weekly follow-up of overdue invoices from the main customers.
