The 2026 internal audit reviewed the processes of supplier payments, spare parts purchases and bank reconciliations for the period from January to June. The report was issued on 30 July 2026.

Findings

H-09	Lack of segregation of duties in spare parts purchases	Medium
H-04	Delays in bank reconciliations	Low

Finding H-07: duplicate payments to suppliers of UYU 412,000 were detected between March and June. The payments originated from invoices loaded twice because of changes in the voucher number. Recovery from the suppliers involved has begun.
