Annual Leave Policy

Andino Logística S.A. | Document G01 | Date: 2026-01-10

Purpose and scope

This policy sets out how paid annual leave is granted, requested and recorded for the staff of Andino Logística S.A. It applies to all employees in administration, warehouse and delivery, regardless of the branch where they work.

Entitlement

Every employee with more than one year of service is entitled to 20 working days of paid annual leave. Employees who joined less than a year ago accrue leave in proportion to the time worked and may use it once they reach six months of service, by agreement with their direct manager.

How to request leave

- Requests are submitted in the self-service portal at least 15 days in advance.
- The direct manager approves them and replies within 5 working days.
- Leave may be split into up to three periods; at least one of them must be 10 consecutive working days.
- During the year-end closures and the week of the general inventory (see the calendar of closures), only leave that does not affect operations is approved.

Internal holiday

In addition, the company recognizes Truck Driver's Day (12 November) as a paid internal holiday for all staff. Employees who must work that day for operational reasons are compensated with a day off agreed with their direct manager.

Records and balances

Leave balances can be checked in the self-service portal. HR reconciles balances in December and informs each area head of the cases with more than one unused period. Unused leave is not paid out in cash, except on termination of employment.
